Company Introduction

Sello Rakgoale Trading was established in 2015 to provide products and services to the mining sector, water works and electrical industry. We are based in Rustenburg North West Province, but provide services and products throughout South Africa. Our focus is personalized to our clients needs. Providing proficient service to these industries, supporting their growth is our aim.

Mission Statement

The management and personnel of Sello Rakgoale Trading are totally motivated, dedicated and committed to supply a superior service. Our focus is quality and professionalism dealing with our clients with respect , honesty and integrity.

Vision

With accelerated growth, and greater demand for specialized and professional services we expanded our operations to a national base delivering products and services nationally. Our foresight is excellent growth, which in return leads to more employment opportunities as all employees are employed topographically local. We support local.
